Education

Sri Eshwar College Of Engineering | B.E. CSE(II-YEAR) | 8.34 CGPA | Aug 2024 - June 2028

Christ The King Matric. Hr. Sec. School | HSC | 96.50% | June 2023 - Mar 2024

Karthi Vidhyalaya Matric. Hr. Sec. School | SSLC | 89.00% | June 2022 - Mar 2023

Projects

Personal Income Tracker (Java Backend, HTML/CSS Frontend) : (2025)

Developed a personal finance tracking application featuring Java backend for efficient income and expense data handling and HTML/CSS frontend for responsive user interface design. Currently enhancing data storage mechanisms and user interaction capabilities to enable seamless financial monitoring and real-time updates.

Secure File Renaming Tool (Python Backend): (2025)

Developed a secure file renaming script using robust sanitization techniques to clean filenames, prevent naming collisions, and preserve file extensions. Implemented comprehensive security checks for directory traversal vulnerabilities and invalid characters, enhancing overall file management safety and reliability.

ZECA (Java Backend, HTML/CSS Frontend) : (2024)

Developed ZECA, a sustainability-focused application implementing eco-friendly solutions and sustainable practices to minimize carbon emissions and promote green alternatives across various activities, driving meaningful environmental impact through innovative technology.

Skills

Programming Languages: C ,C++ ,Python ,Java

DataBase: MySQL ,MongoDB

Web Technologies: HTML ,CSS ,JavaScript ,React ,Node.js

Tools: VS Code ,Canva ,Powerpoint

Coding Platforms: Leetcode ,Skillrack

Coding Profiles

Leetcode: Solved 100+ problems | Profile

Skillrack: Solved 1000+ problems | Profile

Certifications

Certificate of Completion – C Programming Training(Score: 90%)

Certificate of Completion – C++ Programming Training(Score: 87%)

Mastering Data Structures and Algorithms using C and C++ (Self-study course focused on core DSA concepts)

Mastering Python Programming (Foundational and intermediate level training through self-study and practice)

Achievements

Runner-Up – CREATEATHON 2024: Where Innovation Meets Creativity (Web Hackathon)

Secured 2nd place for developing a creative and functional web-based solution in a college-level hackathon.
